

# Italian Universities and academic cooperation with CONFAP: new cooperation strategy

MOBILITY CONFAP ITALY

FAUBAI Conference

8-12 April 2017, Porto Alegre, Brazil

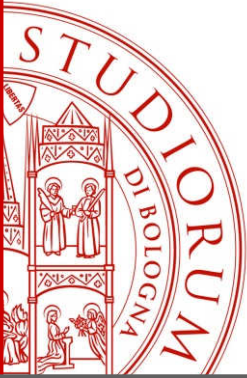

# Global Scenario

Governments are investing in:

- Higher Education system
- Scholarships to acquire education abroad and coming back home
- Joining in cross-border research
- Exchanges

**Emerging economies are growing in tandem with international student mobility.** For example: China and India and also South Korea.

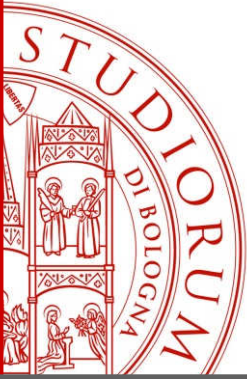

# Global Scenario

International educators are viewing Latin American market with great interest?

Which is/are the main reason/s:

- **rising youth populations**

In 2011, 20% of the total population of Latin America and the Caribbean was between the **ages of 15 and 24** and the UN notes that this is “the largest proportion of young people ever in this region’s history”

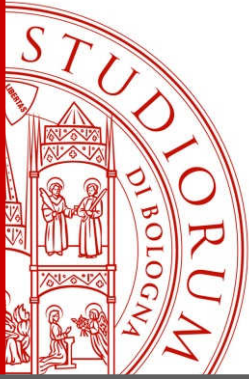

# Global Challenges in HE

- **expand education access**
- **reduce unemployment**
- empowering the new young generation to achieve a **better quality of life** and to **drive the economy forward**
- **Scholarship programmes** play an important role:

Science without Borders

Erasmus+ is the example of driving mobility

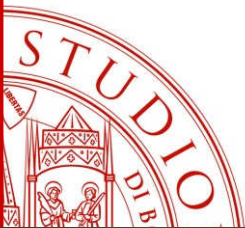

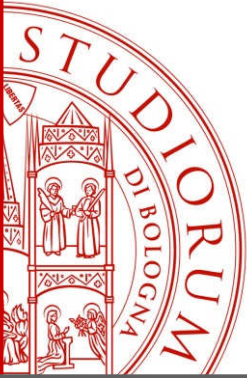

# Before

## Science without Borders

Cooperation with Brazil in the frame of international relations with Italian Universities:

- Very few cases of structured scholarship programmes
- Erasmus Mundus mobility programme
- Bilateral agreement mobility programmes

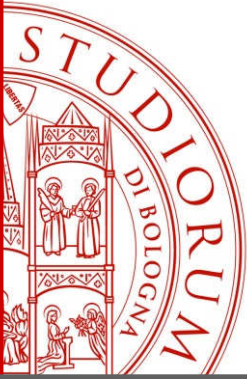

# Approach to SwB

## Italian participation:

- Need of integrated approach to academic, educational and scientific cooperation
- Development of research and innovation partnerships
- Cultural, academic and scientific cooperation
- Common strategies between Brazil and Italy

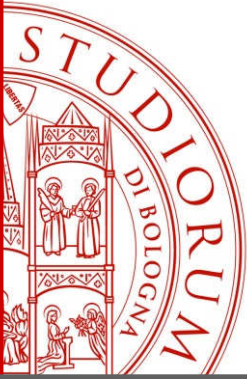

# Italian Network

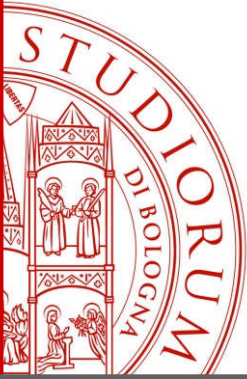

- 2011: 11 Italian Universities
- 2013: 16 Italian Universities
- 2014: 25 Italian Universities
  
- Selection of Universities
- Technical Secretary: UNIBO

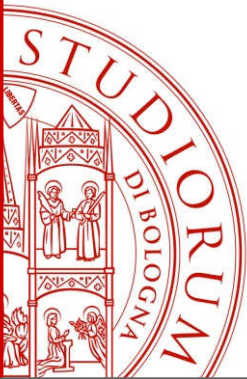

# Organizational model

- Scientific and administrative reference point in each member
- Shared approach to the management of high quality mobility
- Network formalized by two multilateral agreements with CAPES and CNPq

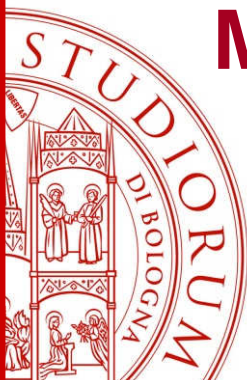

# Impact SwB

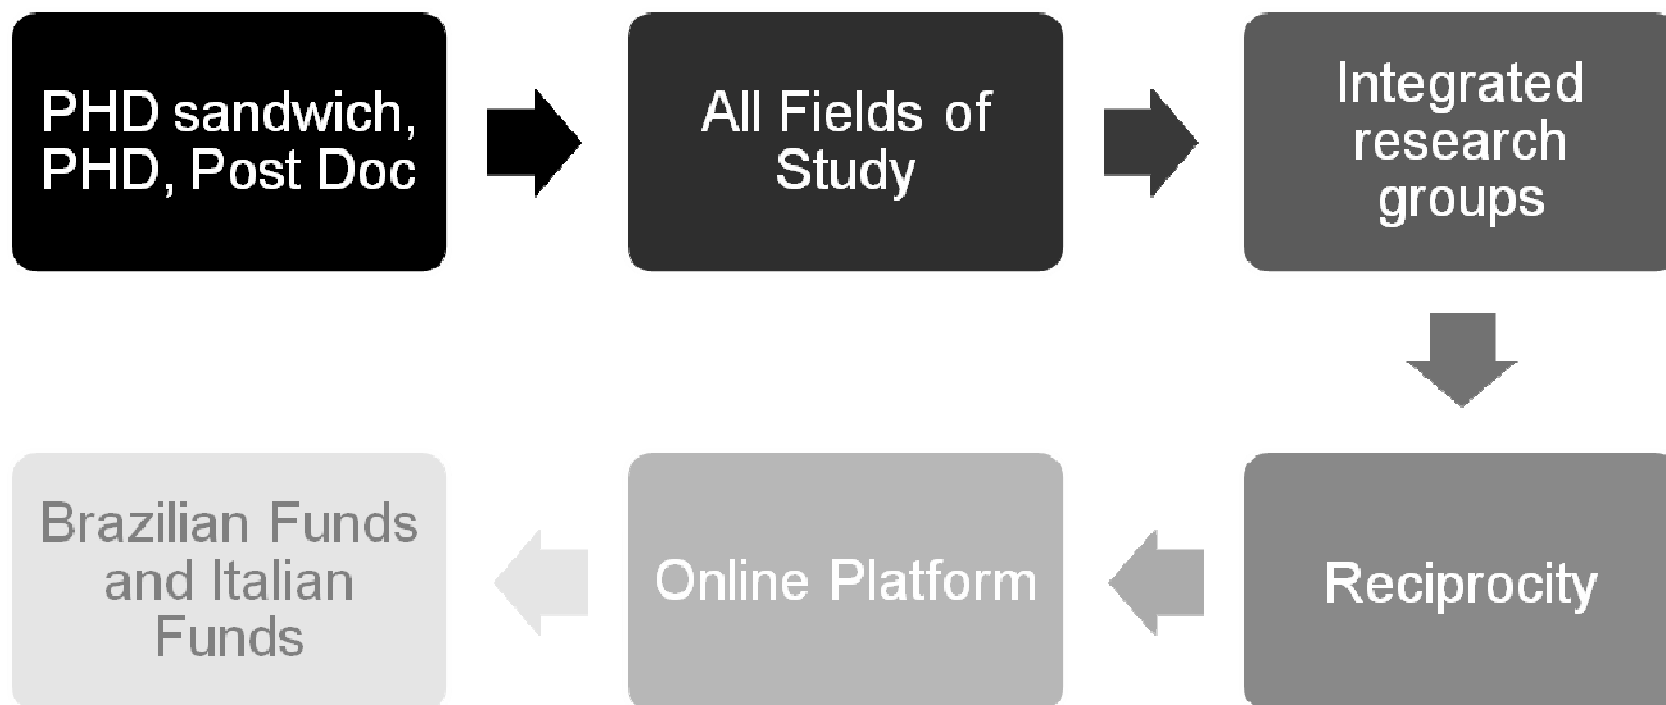

- Development of good practices to be used also in other mobility programmes
- Better awareness of the Brazilian HE system and increased interest in the country
- Improved research links and new projects thanks to Phd students and post docs
- New links with companies with commercial or productive interests in Brazil through internships
- Working together in a network
- Internationalization strategy towards Brazil thanks to SwB
- Improved relations and cooperation in research projects thanks to PhD and Post Doc mobilities
